

Paintball Symposium

Date: September 22nd – 25th / 2010

Location: Alpine Camp & Conference Center

Description:

If you have ever thought of starting a paintball program or would like to take your existing paintball program to the next level, then come to our Paintball Symposium. Alpine Camp & Conference Center and Pleasant Vineyard Ministries is now offering its paintball program expertise to other camps, churches and conference centers during a three-day intensive paintball workshop. Participants will learn how to start a program from the ground up, how to utilize paintball as an evangelical outreach, refereeing rules and regulations, safety precautions, paintball tactical strategies, paintball marker repair, night games, scenario games, paintball devotionals, Speedball setup and tournaments, Woodsball field setup and development, hands on training on how to run a large, all-day scenario tournament, and how to answer the question *"How can you be a Christian and play paintball?"*. Each participant will receive a paintball manual that will equip them on how to run a safe and successful paintball program that can draw thousands of kids and adults to their facilities and will allow you to recoup your Paintball Symposium fees with the first big game or program you host.
